ACCESS TO HOTEL TV'S

EACH GUEST ROOM IS EQUIPPED WITH A 55" LG OR SAMSUNG TELEVISION.

AS WITH MOST HOTEL'S, THE TV HARDWARE USUALLY SUPPORTS HDMI, BUT THE HOTEL'S TV SYSTEM CONTROLS WHETHER THE PORT IS USABLE.

TO OPEN THE HDMI PORT, HOTEL ENGINEERING TEAM WILL NEED TO REPROGRAM THE TV AND OVERRIDE HOTEL SYSTEMS. THEY ALSO HAVE TO TEST IF THE HDMI PORT ACCEPTS VIDEO/AUDIO AND CONFIRM THAT IT DOESN'T INTERFERE WITH HOTEL CONTENT OR BRANDING.

THIS PROCESS IS DONE PER TV AND TAKES ABOUT 1-2 HOURS. FOR THIS REASON, THERE WILL BE A PROGRAMMING FEE OF \$50 PER TV SHOULD GUESTS REQUEST IT.

HOTEL DOES NOT PROVIDE HDMI CABLES, YOU MUST BRING YOUR OWN.
